***Yard Sale

Per Linda Newton, “After the meeting it was determined that people did not have many donations for the sale at this time. We have decided to postpone our yard sale until September. This will give members more time to search for donations and treasures for our sale. We will have our yard sale at a private residence (her house) instead of the parking lot which will make it even more fun. Our yard sale is how we make money for our charity donations--even a smaller sale will be beneficial. This will give you time to do spring cleaning and start saving for our fall sale. Donuts will be waiting for you when you deliver your items.

Linda Newton and yard sale crew”
